

UCO®130 PURO Activ Wash

Highly degradable perfumed alkaline cleaner

UCO®130 PURO Activ Wash is a concentrated alkaline cleaner for the exterior of vehicles. UCO®130 will make sure the vehicle is efficiently cleaned and optimise the bacterial balance in your automatic carwash with water recycling system. With the right knowledge and proper settings this will increase the overall customer experience and possible decrease the downtime.

UCO®130 is the alkaline cleaner that is recommended when the odor and clarity of the water needs to be optimized.

UCO®130 has medium foam and a pleasant perfume increasing the overall customer experience.

The high amount of corrosion inhibitors improves the vehicles shine and makes it safe to use at recommended dilutions.

Applicable for automatic and manual cleaning of surfaces and vehicles in the food industry.

Application

Apply UCO®130 using a foaming, spray or high-pressure device.

Commercial vehicles, agricultural and construction vehicles, and machines. Steel and alkali resistant painted alu rims.

Dosage

Vehicle cleaning 1-4%.

Via a foam gun: 1/ 2,5- 1/10

Insect removal: 5%.

Rim cleaning and strong degreasing; 10-25%.

Do not let the product dry on surfaces. Rinse abundantly with water.

Storage and disposal

Store only in the original container in a cool, well-ventilated place. Keep the container closed when not in use. Dispose of safely in accordance with local/national regulations.
