

UCO®640 MAX Sprint Dryer

Ceramic fast drying agent

UCO®640 MAX Sprint Dryer is an innovative high quality drying agent with optimal protection properties due to the Ceramic components.

UCO®640 ensures that the water film breaks open extremely fast, big water beads are created due to the superhydrophobic characteristics, eliminating microbeads on the surface.

Due to the protection **UCO®640** will provide improved visibility in the rain. No smearing will occur. The floor and tubes will stay clean which reduced the carwash maintenance.

UCO®640 provides result in soft and hard water, high and low conductivity.

UCO®640 is highly degradable and can be used in all types of high-speed washing centers.

Application and dosage

UCO®640 MAX Sprint Dryer is mainly used in automatic carwashes.

Automatic carwashes: 5 to 12 ml/car is recommended.
